[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

Graphical user interface for interactive television with an animated agent

US Pat. 5524195 - Filed Mar 4, 1994 - Sun Microsystems, Inc.

The network transfer interface circuit 60 controls the transport in and out of video on demand data and programming information through to the settop box 24 ...

Source authentication of download information in a conditional access system

US Pat. 6246767 - Filed Jan 20, 2000 - Scientific-Atlanta, Inc.

... which are pay-per-view events where the customer can decide at 35 the time of the event to purchase it, and near video-on- demand (NVOD), where popular ...

Performing authentication over label distribution protocol (LDP) signaling ...

US Pat. 6839320 - Filed Mar 9, 2001 - Alcatel

1 when a first embodiment of the end-to-end authentication method according to the ... to which may be connected for instance a video on demand server, ...

Reconfigurable service provision via a communication network

US Pat. 6330586 - Filed Oct 14, 1997 - British Telecommunications Public Limited Company

... request will now be described by reference to a video on demand service. ... and password submitted for authentication can be sent automatically by the ...

System for and method of authenticating a client

US Pat. 5784464 - Filed Jan 31, 1996 - Fujitsu Limited

Important conditions for a spread of the digital audio reproduces the content, thus the authentication is conducted used as an infrastructure be. ...

Apparatus and method for digital data transmission over video cable using ...

US Pat. 5793759 - Filed Jan 19, 1996 - Terayon Corporation

... the CU again monitors the gaps of the authentication interval for activity. such as video on demand, video teleconferencing, internet access, etc. ...

Home network for receiving video-on-demand and other requested programs and ...

US Pat. 6889385 - Filed Jun 23, 2000 - Terayon Communication Systems, INC

The processing and circuitry for 40 ADSL delivery of video on demand taught in US Pat. ... Step 720 represents the optional step of authentication and/or ...

Selective encryption for video on demand

US Pat. 7039938 - Filed Dec 13, 2002 - Sony Corporation

16, 2004, Dynamic Composition of Pre-Encrypted Video on Demand Content. US Appl. No. ... ANONYMOUS, Message Authentication with Partial Encryption, ...

Bidirectional communication system

US Pat. 6188684 - Filed Jul 25, 1997 - Hitachi, Ltd.

The video on demand means a service providing a desired movie or a program at a ... by identifying the connected partner at the stage of authentication; ...

Secure processor with external memory using block chaining and block re-ordering

US Pat. 6061449 - Filed Oct 10, 1997 - General Instrument Corporation

... and signature authentication using publicly known hashing algorithms and public key ... for example, is subscription, pay-per-view, or video-on- demand. ...

Login architecture for network access through a cable system

US Pat. 6697864 - Filed Oct 18, 1999 - Microsoft Corporation

... pay-per-view video-on-demand services, etc. have a public IP address that is ... The user authentication allows a session-based connection 102 with the ...

Telephone-based interactive broadcast or cable radio or television methods ...

US Pat. 5907793 - Filed Aug 3, 1995

Said one or plurality of products, services or program elements may include videos for "video on demand" as disclosed in GC Bradley, et al, US Pat. No. ...

Verification of the source of program information in a conditional access system

US Pat. 6105134 - Filed Jul 31, 1998 - Scientific-Atlanta, Inc.

... which are pay-per-view events where the customer can decide at 35 the time of the event to purchase it, and near video-on- demand (NVOD), where popular ...

Configuration recovery after gateway failure

US Pat. 7206826 - Filed Oct 25, 2001 - Sprint Communications Company L.P.

The authentication information (eg, 35 user ID and password) and the ... Integrity of the authentication and subscription information in the AAA server is ...

[APPLICATION] Method for user verification and authentication and multimedia processing ...

US Pat. App 10/417,689 - Filed Apr 16, 2003

[0019] In a fourth aspect, this invention provides a multimedia player or database containing biometric authentication, video on demand viewer and player, ...

Configurable hybrid medium access control for cable metropolitan area ...

US Pat. 5696765 - Filed Aug 19, 1996 - General Instrument Corporation

... performs VTU authentication and forwards billing information, ... 24 manages the secure delivery of broadcast, pay-per-view and non-video-on-demand 50 ...

[APPLICATION] Configuration options for transaction processing

US Pat. App 9/894,508 - Filed Jun 28, 2001

If the subscriber desires for a video on demand purchase to be billed to a ... the subscriber is required to enter an authentication sequence of number, ...

Video viewing assisting method and a video playback system therefor

US Pat. 5818439 - Filed Feb 16, 1996 - Hitachi, Ltd.

In a paid video on demand service, it can be arranged such that viewing of the ... it cannot be used unless the authentication of each user is first entered ...

Method and apparatus for hiding cryptographic keys utilizing autocorrelation ...

US Pat. 6041122 - Filed Feb 27, 1998 - Intel Corporation

When authentication is required, the elec- tronic device derives the key in a

... 1 is a block diagram of one embodiment of a video on demand viewing system ...

[APPLICATION] Method and system for providing third party authentication of authorization

US Pat. App 10/067,610 - Filed Feb 4, 2002

... video-on-demand systems, multicast content distribution systems, and other such

... Additionally, the authentication can be implemented and applied to ...

[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

Wideband on-demand video distribution system and method

US Pat. 5832287 - Filed Jul 11, 1994

Because of the split buffer memory 52, the order of appearance of program ...

As an example, the video switch buses 78 may operate at a data rate of 250 ...

Output switching for load levelling across multiple service areas

US Pat. 5883661 - Filed Nov 1, 1995 - ICTV, Inc.

Van der Star, Jack AM, "Video on Demand Without Compression: A Review of the ...

The conventional cable trunk is split to produce separate feeds for each ...

Method and apparatus for converting synchronous narrowband signals into a ...

US Pat. 5917815 - Filed Dec 29, 1995 - Lucent Technologies Inc.

The combined signal can then be split to send the signal containing the entire

... interactive digital video services such as digital video on demand. ...

Secure hierarchial video delivery system and method

US Pat. 5172413 - Filed Dec 20, 1990 - SaskTel

Said D Bus output is ampli- 15 fied and split Into 600 separate outputs, ...

A secure, hierarchial, video-on-demand television signal distribution network ...

Method of providing video on demand with VCR like functions

US Pat. 5357276 - Filed Dec 1, 1992 - Scientific-Atlanta, Inc.

The output of the mute switch 125 is applied to a modulator 142. ... filters the

IF channel signal to split the signal into separate video and audio ...

Telecommunications switching system

US Pat. 4916691 - Filed Oct 28, 1988 - American Telephone and Telegraph Company

The classic circuit switch involves an architecture which dedicates resources,

... switches as the cells are split time and again to meet increasing demand. ...

Extended range video on demand distribution system

US Pat. 5534912 - Filed Apr 26, 1994 - Bell Atlantic Network Services, Inc.

The electrical signals representing the combined spectrum are split and amplified as

... Unlike the prior art ADSL based video on demand systems, video and ...

IP packet ready PBX expansion circuit for a conventional personal computer ...

US Pat. 6795448 - Filed Mar 2, 2000 - Intel Corporation

Each switch card is coupled to the other switch cards by a time division ...

video data such as video conferencing data or 2s video on demand data. ...

XDSL-based internet access router

US Pat. 6493348 - Filed Dec 2, 1998 - Telcordia Technologies, Inc.

The system further includes a network switch, illustratively an ATM switch, ...
for Video On Demand Applications) the xDSL access router could serve as the ...

Electronic program guide with interactive areas

US Pat. 6151059 - Filed Aug 5, 1997 - StarSight Telecast, Inc.

Such capabilities as near "video 25 on demand" (NVOD), "video on demand", access
to the world ... program that was being displayed before the window split. ...

On-demand presentation graphical user interface

US Pat. 6249281 - Filed Feb 28, 2000 - Presenter.com

In one embodiment, the on-demand presentation module 310 links the user's
audio/video with the proper slides (eg, by indicating when the user moves to a new ...

Method and apparatus for controlling and simultaneously displaying arc ...

US Pat. 5571431 - Filed Mar 31, 1995 - MK Products, Inc.

Split collar or collet sections 78 for securing the tubes to be welded are ...
The selected demand parameters are displayed on the video screen 44 except ...

Process for communicating multiple channels of digital data in distributed ...

US Pat. 5805583 - Filed Aug 25, 1995 - Terayon Communication Systems

Each timeslot is a channel which can carry digital data encoding some service
such as video on demand, video teleconferencing, internet access, etc. ...

Optical telecommunications network

US Pat. 5963350 - Filed Sep 27, 1996 - British Telecommunications public limited company

Control signals between the terminals and the central switch node are transported
.... For example, it would be sufficient to provide a near-demand video ...

Optical cross connect switch having improved alignment control system

US Pat. 6763160 - Filed Apr 26, 2001 - Creo SRL

Additional drawbacks with the '497 patent include: a limitation on insertion
efficiency across the switch interface, because of a need to split off some of ...

Linear multi-output optical transmitter system

US Pat. 6163395 - Filed Mar 12, 1998 - Fiber Optics Network Solutions Corp.

Typically, the 10 mW output is then optically split into three or four ...
such as enhanced pay per view, interactive video, and video on demand requires a ...

Low power microcellular wireless drop interactive network

US Pat. 5867485 - Filed Jun 14, 1996 - BellSouth Corporation

Video servers 24 may be included to store and provide video on demand and other
... combined with other channels, split (for transmission to other node ...

Communications system

US Pat. 5572349 - Filed Jan 11, 1995 - British Telecommunications public limited company

The concept of video-on-demand (VoD) has recently been proposed. When using VoD,
a subscriber to the service would be able to call up a video transmission ...

[APPLICATION] Optical IP switching router architecture

US Pat. App 9/677,833 - Filed Jun 8, 2001

Output splitter 36 can split combined signal 39 into its component data packets ... for a multicast/ broadcast function, voice over IP, and video on demand. ...

Multi-service adaptable optical network unit

US Pat. 6362908 - Filed Dec 2, 1998 - Marconi Communications, Inc.

The video information, if in an analog form, can be split from the optical ... that couples the ONU back to the central office switch 12 via the HDT 14. ...
